

Run through of day - Follow link to watch video -  
<https://flipgrid.com/76717cf8>

Morning Task -

$$18 + 9 =$$

$$16 + 11 =$$

$$28 - 7 =$$

$$20 - 11 =$$

Phonics - <https://flipgrid.com/0217f630>

English - We are going to continue thinking about adjectives in our English. Adjectives are words that are used to describe nouns. Today we are going to describe Gerald and the way he is feeling.

Listen to Giraffes Can't Dance story here -  
<https://flipgrid.com/b1c61cb6>

In the story, at the beginning, the other animals were unkind to Gerald because they didn't think he could dance. Think of how Gerald might have been feeling, can you write 5 adjectives to describe how he felt.

Example - miserable.

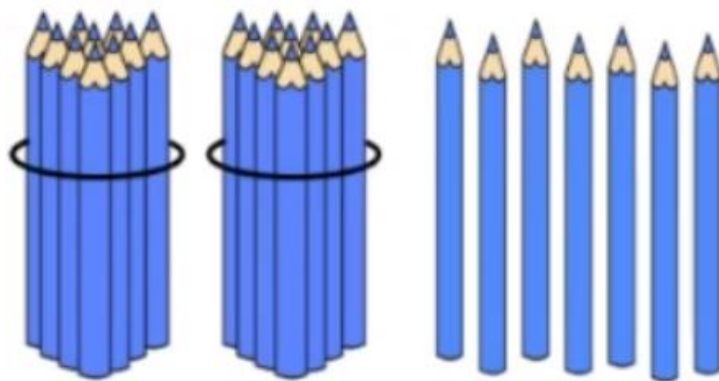

Challenge - Once you have thought of 5 adjectives, see if you can put them into sentences.

Example - Miserable Gerald froze at the jungle dance.

Maths -

On Monday we began looked at how a number is made up of tens and ones.

In order for us to be able to count bigger numbers we need to group things into ten so we don't need to count all the ones individually.

Here we have 2 groups of 10 which = 20 and 7 individual pencils. As we learnt on Monday, the 7 takes the 0's place to go into the ones column meaning we have 27 pencils.

Maths Task – PDF document attached.

Art – This will be added to Taestry as an observation.

Reading – Log on to Reading Eggs, Phonics Hero or read your school reading books.

Choosing time – Learning through play, you can use this time to practice your writing, letter formation, number formation, problem solving, imagination and speaking and listening skills. Plus many more!

Have a super day!
